🌐 <https://github.com/EyobKifle/Sarabs-ShortCake>

Bakery ordering app with menu, cart, and order tracking.

EXPERIENCE

Self-Directed Full-Stack Developer

2023 – Present

Personal Projects & Learning Initiatives

- Built and deployed 5+ full-stack applications from concept to production.
- Designed UI/UX in Figma before coding for better user experience.
- Implemented authentication, databases, and APIs in real-world scenarios.
- Consistently pushed code to GitHub with clean commits and documentation.
